Re: Pane v. Town of Greenburgh, et al.

Dear Judge Smith:

As you are aware, we represent Defendant Erik Ward in the above-referenced matter. We have been attempting to file our Reply Memorandum to Plaintiff's Opposition to Defendant's Motion for Summary Judgment via ECF. However, because of Internet problems involving our server which we do not fully understand, we have been unable to log on to the ECF website. We have been advised by a Cablevision representative that the problem should be resolved today, at which time we will submit our Reply Memorandum. We hope this meets with the Court's approval and we apologize for the delay.

Very truly yours,
